

# NATURAL GAS ALARM

MODEL NO: RFS-500N

## DESCRIPTION:

**500N Natural Gas (LPG)/Natural Gas Alarms** are state-of-the-art inflammable gas detectors with an internal sounder.

Advanced electronics in conjunction with a semiconductor gas sensor provide early detection of propane gas, with high immunity against unwanted alarms.

*Models are available powered by AC mains or from a DC 12/24 V supply (such as a security system).*

## TECHNICAL FEATURES:

- Detects Propane (LPG) Gas (C<sub>3</sub> H<sub>8</sub> )/Natural Gas (CH<sub>4</sub>)
- Loud 85 dB internal alarm sounder
- Dual action button for Hush and Test
- Separate indicators for Power, Alarm and Service
- N/C or N/O alarm relay output models available.
- AC mains operating models available
- DC 12/24 V models available
- 5-year end-of-life timer
- Low power consumption
- Low maintenance

\* Models may vary from time to time due to continuous improvement in product design, features, technology and stability for a better user experience.
