SMOKE DETECTOR
MODEL NO: AFS-SD600

DESCRIPTION:

SD-600 Addressable Smoke Detectors are microprocessor controlled state-of-the-art detectors suitable for connection to **Alco Addressable Fire detection** controland indicating equipment.

Up to 125 detectors can be connected to each alarm zone loop. Advanced electronics in conjunction with a photoelectric smoke sensing chamber provides early detection of fire and high immunity against unwanted alarms.

EN54 **FC** **CE**

TECHNICAL FEATURES:

- Advanced algorithms provide analogue detection discrimination
- Surface-mount device (SMD) circuit board design
- High immunity against unwanted alarms
- Easy installation with simple address setting DIP switches
- Sleek low-profile housing design
- Dual LEDs for 360° visibility
- Convenient 2-wire connection
